OMATION<sup>®</sup> Series 410 Envelopener<sup>®</sup>

# Open and date stamp up to 400 envelopes per minute.

Save time and effort each day with the OMATIION Series 410 Envelopener

Meet an innovative solution for mail centers that handle between 200 and 2,000 incoming envelopes a day. The OMATIION Series 410 Envelopener uses advanced milling cutting technology to open mail of mixed sizes and thicknesses with exceptional speed and precision: up to 400 envelopes per minute. During this process, it's also capable of printing unique ID receipt information on each envelope.

## The compact, tabletop design fits almost anywhere, yet it's packed with features:

### Proven Milling Cutter Technology

- Minimizes cut contents
- Provides soft, feathered edge to eliminate painful papercuts
- Opens envelopes completely, edge-to-edge for easy content removal

### Easy to View Operator Screen

- The 5.5" display provides access to job functions and settings
- Simple navigation allows operators to quickly and easily select jobs
- Easy to read digital counter

### Quality Ink Jet Printing

- Select from a variety of print jobs
- Print date and time audit trails
- Print a unique sequence number for traceable mail

### All-New Cut Depth Adjustment Knob

- Use one of three "cut depth" settings to open thin to thick mail, flats and rigid overnight packs.
- Count envelopes without cutting using the "no cut" setting
- Open 3,500 envelopes before emptying the large capacity chip tray
