

ParcelPoint™ Smart Lockers

The convenient, secure way to meet package, mail and asset delivery demands.

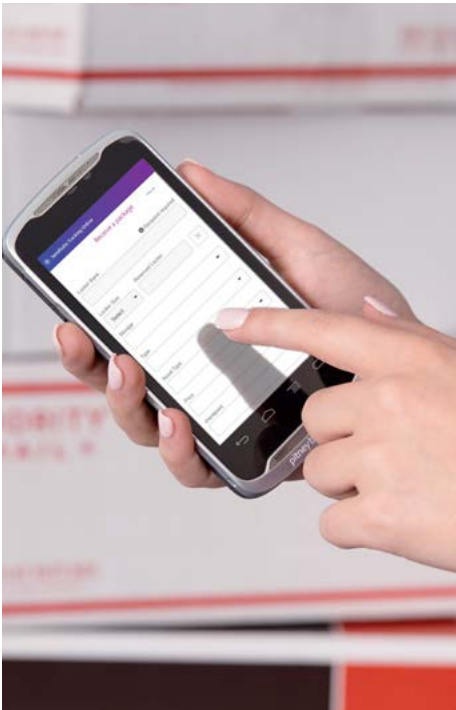

ParcelPoint Smart Lockers from Pitney Bowes are the simple, modern solution to manage evolving package, mail and asset delivery demands. They increase efficiencies while providing a safe, secure, convenient delivery experience. With preconfigured and customizable locker designs available, we have a solution to fit your specific volume, space, layout and workflow requirements. Plus, our smart lockers seamlessly integrate with receiving software, including SendSuite® Tracking solutions, ensuring you receive and deliver with ease.

Digitally connected consumers and trends are driving change in package and mail delivery.

Our 2019 Parcel Shipping Index found that 3,248 parcels are shipped every second in the world's major markets. Parcel volume is growing around 17% year on year and surpassed 100 billion pieces in 2019.*.
